About

1DR Hafsteinn is a rich dark brown dun of medium build with a bold dorsal stripe. He carries both red dun and grey dun recessively. His temperament is kind, sweet, curious, calm, and non reactive. He has correct straight legs, a well balanced body with neck tie in for natural forehand lightness and collection. This should make him a very versatile fjord. He has three natural and balanced gaits. His relatives from the Gingard line have excelled in dressage and eventing. Hafsteinn inherited the same structure and movement from this line to continue passing along those qualities to the next generation of fjords. His movement is also influenced by the Leidjo and Anvil's Acres breeding on his dam's side. Hafsteinn was raised and continues to be in a herd environment with mares, foals, stallions and geldings. This has made him a very respectful stallion. Mares are confirmed in foal and are expecting in 2020. He is available for live cover only.
