## **About**

Locke (Loki) is a kind and forgiving young stallion that has proven himself in overcoming obstacles and rising to the occasion of new challenges thrown at him. His quiet soul makes him easy to work with and handle around loose horses and mares. He easily lives with mares or geldings and all are able to be handled in his presence while he is still loose. He has shown a great ability to learn and a willingness to please that inspires all who work with him. His presence demands wonder and immediate admiration when he walks into any space. Vets, techs, and other horse owners constantly comment on his calm demeanor and ease of handling. Locke easily collects and ships for cooled AI, and we will be freezing and testing his froze semen quality in the fall of 2023. We are expecting his first foal from an AI breeding in the spring of 2023. Locke will be leaving for saddle training in the Spring of 2024 and will possibly be standing for stud out of state for the 2024 breeding season.
