### **About**

Kervan Farm is thrilled to announce that Mogly (born in Germany 03/04/1998) is now owned exclusively by Marg Kerr and happily enjoying his new home in Milford, Ontario. The former partnership between Marg and Lori Albrough imported Mogly from Belgium in 2007 with the goal of breeding excellent offspring.

Mogly achieved excellent scores in his evaluations in both Germany and Belgium. The Vissers family in Belgium did a wonderful job of training and competing Mogly under saddle in dressage and competitive driving. Mogly excelled because of his athletic ability and wonderful temperament and as a result acquired many championships. His lovely movement, kind temperament and excellent conformation are passed on to his offspring which are located in Europe, Australia, Canada and the United States.

Kervan Farm's unique breeding program consists of 5 lovely Felix daughters, bred from 2 First Premium foundation mares and 2 exceptional Mogly daughters, one of which is in foal again this year to Orka, due in August 2021. Kervan Farm is again looking forward to breeding Mogly to Felix daughters for more amazing foals in 2022.
