APPLICATION FOR SEMEN TRANSPORT PERMIT

INSTRUCTIONS:

1. Print in ink or type only.
2. Correct fee must accompany this application (see back of form).
3. The Stallion's DNA type must be recorded with the Registrar before a permit can be issued.
4. This permit is transferable upon prompt completion of a Transfer Report or written notice of possession from the lessee.
5. Be certain to review the information on the reverse side of this form.

STALLION: _____
(Full Registered Name) NFHR Registration Number _____

OWNER'S (LESSEE'S) STATEMENT (Multiple ownership requires all owners (lessees) to sign)

I am the recorded owner (lessee) of the registered fjord stallion named above and hereby make application for a permit to transport this stallion's semen as provided by the bylaws, rules and regulations of the Norwegian Fjord Horse Registry as they may now exist or may from time to time be amended, knowledge of which I now have or will immediately acquire.

Signed: X _____ DATE _____

Telephone: (____) _____ - _____ E-mail: _____

(For office use only)

Date of Application: _____

ASSIGNED IDENTIFICATION CODE: _____

This code will be assigned by the NFHR and made known to the stallion owner. It must be used on any and all vials, straws, or other containers carrying this stallion's semen and be included on the Veterinarian Certification of AI Service.

NORWEGIAN FJORD HORSE REGISTRY

Semen Transport Permit Fees and Requirements

1. Semen Transport Permit Fees:

a. Fees for Stallion Owners **currently NFHR members**:

\$105.00 - Applications made for a Semen Transport Permit **prior** to the first semen shipment.

\$205.00 - Applications made for a Semen Transport Permit **subsequent** to the first semen shipment.

b. Fees for Stallion Owners **not currently NFHR members**:

\$205.00 - Applications made for a Semen Transport Permit **prior** to the first semen shipment.

\$305.00 - Applications made for a Semen Transport Permit **subsequent** to the first semen shipment.

2. DNA Typing:

a. All stallions must have a DNA type on file with the NFHR prior to transport of semen and before a semen transport permit will be issued.

b. DNA Type Kits are available from the NFHR Registrar's office. Results are usually available within 2 - 3 weeks of the hair sample's mailing to the laboratory. All new DNA types will be automatically tested against DNA types on record to confirm parentage.

3. Semen Shipment:

The vial, straw or other container carrying semen from which the mare is to be inseminated is to be accompanied by a completed NFHR Receipt for Transported Semen.
