About

Imported from the Netherlands by Green Valley Farm as a yearling, Thordal developed into a lovely, typey stallion. Thordal earned a Gold Medallion of Quality, Level 4 in the NFHR Evaluation system and one of his offspring has earned Silver Level 2 and Gold Level 4 Medallions. Thordal is gentle yet lively and athletic and has one of the best natural canters of any Fjord stallion on the continent. His pedigree includes REI Halsnaes, one of the best performance producing stallions in Denmark. He stands 14.1 hh with 9 inch cannon bone and even with that bone he moves with balance, suspension and grace. He has demonstrated good work in Advanced Western Test in the NFHR Evaluation System. He also drives and has done draft work. Thordal's offspring are very tractable and easy to train. Available via live cover.
